Adam LaPorte has requested that Town property next to his either be developed or returned to his parcel. Chair Kessler researched this and found the town is not receiving any aid money on this and the process to return it to the adjoining landowners is the board so chooses. The adjoining property owners would have to send a signed letter to the Town requesting this. Then within 40 days the Town has to respond. There would need to be a memorandum of understanding as to who will pay what costs associated with the transfer and then a resolution needs to be passed. The board was in favor of this if that is what all property owners would like to do.
